Why Mata Jeeto Ji Society does all these humanitarian works?

The individuals and families we cater to at, Mata Jeeto Ji Society, needed assistance to come out from a distress situation (they have been in) when we arrived at their assistance. Some of them could have suffered serious physical and mental health issues if we did not hold their hand at a time when they needed assistance. I cite a few examples as under:

Hundreds of destitute may not have survived and lived a healthy life with dignity without our assistance in terms of supplies of shelter, food, medicines and other basic necessary care.

Several needy from low socio-economic background and slum areas near Sri Anandpur Sahib would have been worse off without immediate health care, hygiene education & basic medication for their living.

Several orphan children could have been worse off if Mata Jeeto Ji society did not hold their hand for care and education in terms of paying their school fees and other expenses.

Several needy widows may not be able to raise their families with dignity if Mata Jeeto Ji society did not provide regular financial support to these needy. Hundreds of needy girls would not have hands on training and a tool to earn livelihood if Mate Jeeto Ji society did not provide necessary training at the free sewing training centers in low socio-economic areas.

Similarly, the needy individuals would have suffered badly, children would have gone without toys and businesses might have suffered badly if Mata Jeeto Ji society was not there to help out our mates in the drought affected area of Coonamble and Armidale.

The homeless may have slept hungry if Mata jeeto ji society did not go to help them out in this hour of need in Cessnock.
